Hayden Cleary, Senior Web Developer

Meticulous senior developer specializing in architecture, UI, and performance. I've mentored many developers in advancing their skills, all while ensuring the technical consistency of our projects.

Skills

Typescript | React.js | Next.js | TailwindCSS | Vitest | Clean Architecture

Experience

Senior front-end web developer

2013 - Present

Employee & Freelance ([OnlyDust](#), [Padam Mobility](#), [Jump](#), [Iconosquare](#), [Omnilink](#), [Tridea...](#))

- Designing and overhauling high-performance web interfaces with **React.js**, **Next.js**, and **Tailwind CSS**.
- Migrating legacy platforms to modern stacks (**Next.js**, **Clean Architecture**, **REST APIs**).
- Implementing design systems and standardizing the UI using **Shadcn UI** and **Storybook**.
- Building end-to-end products: showcase websites, SaaS platforms, e-commerce sites, and internal tools.
- Integrating third-party APIs, managing technical debt, and driving continuous improvement.
- Establishing unit tests with **Jest** and **Vitest** to ensure code robustness and simplify maintenance.
- Automating development workflows with AI tools (**Cursor**, **ChatGPT**, **Claude Code**).
- Mentoring interns and apprentices, contributing to recruitment, and sharing best practices.

Personal Projects

Miinq

A web application for [Assetto Corsa](#) players that enables easy “mod” installation. Built with a **Next.js** front end and a **Laravel** back end, it's been a genuine hit in the community, with over 400 active users.
